

Tool Bags and Back Packs

CAT[®]

Tool Bags and Back Packs

Cat® tool bags and backpacks are engineered and constructed to meet the demands of professionals and serious do-it-yourselfers. They're built to last with rugged, water resistant polyester for ultimate strength and durability with minimal weight penalty.

Professional features include heavy-duty stitching and bar tacking at critical stress points, comfortable padded handles, heavy-duty #10 zippers with rubber injection pulls and extended lanyards, sturdy shoulder straps and reinforced or molded bottom panels. Tools stay organized in reinforced pockets and compartments, and Cat yellow interiors offer maximum visibility for locating tools and gear.
